

PETITION

NEW BEDFORD FEDERATION OF PARAPROFESSIONALS

We, the undersigned paraprofessionals of New Bedford Public Schools, are dedicated to providing the best possible instructional and learning experience for the students we serve. We are committed to ensuring the dignity and respect of all New Bedford paraprofessionals. We stand by our negotiating team and proudly support them in bargaining a socially just and economically fair contract to advance the following concerns: posting of available positions with sufficient detail to promote mobility within the schools, proper training for our job responsibilities and fair pay for a fair day's work, including compensation for the skills and experience we possess.
